这其实就是偶像。是把人变成偶像，敬拜人，或是把惧怕看得比你全然献给神还重要。人变得更大，而神变得更小。David Powlison 是另一位基督徒辅导者，他提出了一个关于偶像的模型。那些我们所倾心的偶像，或者我们所惧怕的，都是潜藏在表面之下的，而许多人都引用过他关于偶像的研究。他谈到表面之下的偶像。他称之为“源头偶像”。生命中那些潜藏在表面之下的事，最终使你把自己的情感不是给神，而是给别的东西。并且而这就是人们在你生命中变得越来越重要、而神变得越来越小的地方。

life and God smaller in your life. And it's it's an idol. It's making an idol it's it's an idol. It's making an idol of people, an idol where you worship of people, an idol where you worship that or fear that more than you give all that or fear that more than you give all to God. People become bigger and God to God. People become bigger and God becomes smaller. David Powison is becomes smaller. David Powison is another Christian counselor and he another Christian counselor and he developed a model for idols. The the developed a model for idols. The the idols that we give our affection to or idols that we give our affection to or our fear to beneath the surface and many our fear to beneath the surface and many have quoted his work on idols. He he have quoted his work on idols. He he talks about idols beneath the surface. talks about idols beneath the surface. He called them source idols. Things He called them source idols. Things beneath the surface in your life that beneath the surface in your life that then causes you to give your affection then causes you to give your affection not to God but to something else. and not to God but to something else. and and that's where people then get bigger and that's where people then get bigger in your life and God gets smaller. I

我想帮助你评估，你心里表面之下可能的偶像是什么。我们经常喜欢做性格测试。我们能看到自己的长处。这个就没有那么厉害，因为你不会走开说：“哦，我这方面很棒。”因为我们其实要评估的是我们在哪些方面挣扎。但如果我们真的相信神比其他一切都好，那么认清我们挣扎的地方其实很有帮助，因为我们可以把这些放下，更加信靠祂。

in your life and God gets smaller. I want to help you evaluate what a want to help you evaluate what a potential idol beneath the surface and potential idol beneath the surface and your heart is. Now, often times we enjoy your heart is. Now, often times we enjoy taking personality tests. We get to see taking personality tests. We get to see our strengths. This is like not as our strengths. This is like not as awesome as a personality test because awesome as a personality test because you're not going to walk away saying, you're not going to walk away saying, "Oh, I'm great at this." Because we're "Oh, I'm great at this." Because we're actually going to evaluate what we actually going to evaluate what we struggle with. But if we really believe struggle with. But if we really believe that God is better than everything else, that God is better than everything else, identifying what we struggle with is identifying what we struggle with is actually really helpful because we can actually really helpful because we can leave that behind and trust him more.

00:23:13 - 00:23:44

现在，这些基督徒辅导员和治疗师并不是说你必须向这些偶像屈服，而是这有助于辨认你在挣扎的是哪一个偶像。因为对人的惧怕困扰着我们所有人，我要把这点和这些偶像如何影响我们与他人相处联系起来。好了，下面有四种。如果安舒是你在与人相处上的偶像，你就会追求没有压力的人际关系。你不想让生命中有人来挑战你、与你冲突，让你感到不舒服。

leave that behind and trust him more. Now, these Christian counselors and Now, these Christian counselors and therapists, they are not saying that you therapists, they are not saying that you have to surrender to these idols, but have to surrender to these idols, but that it's helpful to identify which idol that it's helpful to identify which idol you struggle with. And because fear of you struggle with. And because fear of man plagues all of us, I'm going to man plagues all of us, I'm going to relate this to how these idols cause us relate this to how these idols cause us to relate to other people. So, here they to relate to other people. So, here they are. There's four of them. If comfort is are. There's four of them. If comfort is your idol when it comes to people, you your idol when it comes to people, you your idol when it comes to people, you look for stress-free relationships. You look for stress-free relationships. You do not want someone in your life who's do not want someone in your life who's do not want someone in your life who's challenging you, who's rubbing against challenging you, who's rubbing against challenging you, who's rubbing against you and making you uncomfortable.

00:23:44 - 00:24:23

一个人如果表面之下、在根源上以安舒为偶像，这个人可能每两三年就换一次朋友，因为当有人靠近这个人时，他们就开始觉得不舒服。他们惧怕别人的期待。安舒就是偶像。对有些人来说，那是被认可。而那些在表面之下把“被认可”当作源头偶像的人，更多不是别的，他们只想被接纳，被别人认可。所以，他们最大的恐惧就是被人拒绝。那些心里有权力偶像的人，表面之下，这个人渴望被别人看作是成功的。

you and making you uncomfortable. Someone with comfort as the idol beneath the surface, the source idol. That the surface, the source idol. That person can change friends every two or three years because when someone gets close to that person, they start to feel uncomfortable. They they fear expectations from other people. Comfort expectations from other people. Comfort is the idol. For some, it's approval. is the idol. For some, it's approval. And the person who has approval as the source idol beneath the surface, more source idol beneath the surface, more than anything, they just want to be than anything, they just want to be accepted, approved by others. And so, accepted, approved by others. And so, their great fear is to be rejected by their great fear is to be rejected by people. Someone who has the idol of people. Someone who has the idol of power beneath the surface. This person power beneath the surface. This person longs to be seen as successful by other

00:24:23 - 00:24:56

不只是想被认可。那是想被喜欢。如果我被喜欢，那就可以了。我被不喜欢，都无所谓。我想被看作有权势、很成功。这个人害怕不被尊重。他们会觉得自己受到了不尊重，并把这内化为羞辱。这就是把权力当作偶像。然后还有掌控。我坦白说，当我对自己内心做深度省察时，这正是我一直挣扎的。我并没有向它屈服，但我确实在这方面挣扎过。那是一种从他人那里、从生活中寻求确定性的渴望。总想让一切都清清楚楚、规划妥当，也害怕不一致。

longs to be seen as successful by other people. More more than just wanting to people. More more than just wanting to people. More more than just wanting to be approved. That's being liked. And be approved. That's being liked. And that's okay if I'm liked. Doesn't matter that's okay if I'm liked. Doesn't matter if I'm liked. I want to be seen as if I'm liked. I want to be seen as powerful and successful. And this person powerful and successful. And this person fears disrespect. They they would feel fears disrespect. They they would feel disrespect. They internalize that as disrespect. They internalize that as humiliation. That's power as an idol. humiliation. That's power as an idol. And then there's control. And I confess And then there's control. And I confess that when I've done deep work on my own that when I've done deep work on my own heart, this is the one that I have heart, this is the one that I have heart, I don't surrender to it, but I've struggled with this. It's the but I've struggled with this. It's the longing for certainty from others and longing for certainty from others and from life. Wants everything to be clean from life. Wants everything to be clean and mapped out and fears inconsistency.

00:24:56 - 00:25:52

甚至连人的不一致也害怕。如果掌控是我的偶像，那我就真的会把我所有的信靠都放在自己拟定的计划上，而不是信靠那位掌管一切计划的神。你比较容易在哪些方面挣扎？安逸、认可、权力，还是掌控？现在，如果你遵循这些源头偶像的框架，它真的会使你……不仅看见你在生活中所做的行为，还会看见表面之下你为什么做这些行为的动机，这就是为什么辅导员和治疗师会使用这个工具。马丁·路德，这位著名的改教家，他这样说：在每一种行为性的罪背后，都有偶像崇拜的罪。他其实是在说我们在表面之下所做的一切得罪神的事，其原因是我们把别的东西看得比神更重要了。

and mapped out and fears inconsistency. even inconsistency from people. And if even inconsistency from people. And if control is my idol, then I can really control is my idol, then I can really put all of my trust in the plans that I put all of my trust in the plans that I lay out instead of trusting God who's lay out instead of trusting God who's over all of the plans. Which of these over all of the plans. Which of these would you tend to struggle with? would you tend to struggle with? Comfort, approval, power, or control? Comfort, approval, power, or control? Now, if you follow the framework of Now, if you follow the framework of these source idols, it really causes you these source idols, it really causes you to not only look at the behaviors you do to not only look at the behaviors you do in life, but the motivation beneath the in life, but the motivation beneath the surface for why you do those behaviors, surface for why you do those behaviors, which is why counselors and therapists which is why counselors and therapists have used this tool. Martin Luther, the have used this tool. Martin Luther, the famous reformer, he said this that under famous reformer, he said this that under every behavioral sin is the sin of every behavioral sin is the sin of idolatry. He he was essentially saying idolatry. He he was essentially saying all the things we do that dishonor God all the things we do that dishonor God beneath the surface, the reason we're beneath the surface, the reason we're doing those things is because we've made doing those things is because we've made something else more important than God.

00:25:52 - 00:26:29

表面之下的那些偶像，真正导致我们以一种方式行事，得罪了上帝。比如，以物质主义为例。这就是表面的罪。我们知道，当我们把所有的盼望都寄托在物质上时，上帝就没有得到尊荣，但这些治疗师会说，这只是表面。看看表面之下，看看是什么使你变得物质主义。所以，一个把“安逸”当作偶像的人，可能会把物质财富看作一种方式，让自己生活里没有压力，积累更多东西，好让他们能够增加他们的舒适感。舒适感才是驱动这一切的表面之下的偶像。

something else more important than God. That idols beneath the surface is really That idols beneath the surface is really what causes us to behave in a way that what causes us to behave in a way that dishonors God. Example, take materialism dishonors God. Example, take materialism as an example. That is the surface sin. as an example. That is the surface sin. We know that God's not honored when we We know that God's not honored when we put all of our hope and material put all of our hope and material possessions, but these therapists would possessions, but these therapists would say that's just the surface. look say that's just the surface. look beneath the surface to see what's beneath the surface to see what's causing you to be materialistic. So causing you to be materialistic. So someone who has the idol of comfort may someone who has the idol of comfort may look at material possessions as a way to look at material possessions as a way to just have no stress in their life, just have no stress in their life, accumulate more things so they can accumulate more things so they can increase their comfort. Comfort is the increase their comfort. Comfort is the idol beneath the surface that's driving

00:26:29 - 00:26:58

物质主义。但有些人表面底下有“被认可”这个偶像，他们也许在行为上仍然有物质主义的罪，但推动这种物质主义的表面之下的动机，是他们想让人喜欢他们，想让人来他们的房子，或者坐他们的新车，或者享受这一切。他们想拥有这些东西，好为自己赢得一些好感。说到底，真正驱动一切的，是渴望被认可。但再看“权力”这个偶像。

idol beneath the surface that's driving materialism. But somebody who has the materialism. But somebody who has the idol of approval beneath the surface, idol of approval beneath the surface, they may still have the behavioral sin they may still have the behavioral sin of materialism, but the motivation of materialism, but the motivation beneath the surface for the materialism beneath the surface for the materialism is they want people to like them to come is they want people to like them to come to their their pad or to be in their new to their their pad or to be in their new car or to enjoy all this. They want to car or to enjoy all this. They want to have this stuff so that they can win have this stuff so that they can win some favor to themselves. Really, what's some favor to themselves. Really, what's driving everything is the longing to be driving everything is the longing to be approved. But take the idol of power.

00:26:58 - 00:27:35

表面上是物质主义，但底下是权力。也许这个人想要积攒越来越多的东西，来给人一种印象：看，我赢了。看，我成功了。看看我所成就的一切。那是表面之下的力量。然后，那个把控制当作源头偶像的人，会开始不断积累，好让自己觉得有足够的掌控力，去控制生命中的一切变量。所以我们不只要看我们挣扎的那些表面上的罪，而要看表面之下真正的根源。我们的源头偶像是什么？

approved. But take the idol of power. Materialism is on the surface but power beneath. Perhaps the person wants to accumulate more and more things to give the impression look I've won. Look, I'm the impression look I've won. Look, I'm successful. Look at everything that I've accomplished. That's power beneath the surface. And then the person who has surface. And then the person who has control as the source idol is going to control as the source idol is going to accumulate so that they can just feel like they have enough to control all the variables in their life. So we want to look just not at the surface sins that we struggle with, but what's really we struggle with, but what's really beneath the surface. What's our source

00:27:35 - 00:28:09

所以，你真的可以从你所惧怕的事看出你的偶像是什么。所以，你怕什么？如果安逸是你的偶像，你就会害怕别人的期待他们会让你感到不舒服。如果讨人的喜欢是你的偶像，你就会害怕被人拒绝。如果你害怕被人不尊重，那是因为权力是表面之下的偶像。如果你害怕前后不一，那是因为控制就是表面之下的偶像。这几种里，你通常最挣扎的是哪一种？

beneath the surface. What's our source idols? And so you can really tell what your idol is by what you fear. your idol is by what you fear. So, what do you fear? If comfort's your idol, you fear expectations from others that they're going to make you that they're going to make you uncomfortable. If approval is your idol, you're going to fear you're going to fear being rejected by people. If you fear being rejected by people. If you fear disrespect, it's because power is the disrespect, it's because power is the idol beneath the surface. And if you idol beneath the surface. And if you fear inconsistency, it's because control fear inconsistency, it's because control is the idol beneath the surface. Which is the idol beneath the surface. Which of these do you tend to struggle with?

00:28:09 - 00:28:27

对人的惧怕是一种网罗，会拦阻你活出神摆在你面前的生命。我们正在走《民数记》。今天我们在查考中来到《民数记》13和14章。神的百姓正站在应许之地的边缘，那片土地就在他们前面。

of these do you tend to struggle with? The fear of mankind is a snare that will stop you from living the life that God has in front of you. We're walking through the book of Numbers. We get to Numbers chapter 13 and 14 today in our study. And God's people are at the edge of the promised land that is in front of
